

## The Interior Journal.

E. C. WALTON.

WHILE in Frankfort Saturday we had the pleasure of surveying our brother's new journalistic field as well as forming many new acquaintances. It is not as bad a looking town as we tried in our last issue to make our readers believe, but on the contrary has some pretty streets and many handsome homes. The residences are more modern than the business houses, but we believe both will be improved now that a million dollar capital is a certainty. We did not visit the Hunt site, on which the capitol will be erected, but could see it from our car window and we agree with the majority of the last General Assembly that it is the place it should be built. My brother is already a "rooster" for Frankfort and he confidently believes there is a great future for the capital city. His new purchase is the Frankfort Journal, a morning publication, which has heretofore been owned by a stock company. A weekly is also published and the circulation of the two runs up into the thousands. He, Mr. Walton, is assisted by Mr. Shelton M. Sautley, formerly of this place, but later managing editor of the Lexington Morning Democrat, Mr. Ed O. Leigh, Gov. Beckham's private secretary, Mrs. Elwanger, society editor, and Mr. Ben Watt and Adjutant General Percy Haley. The work of the latter two gentlemen is one of love, but their efforts are as earnest as if they drew handsome salaries. The treatment accorded Mr. Walton is the kindest imaginable and we were impressed during our sojourn in the "city under the hill" that Frankfort's people are the cleverest we know of and that they are anxious for the good, live democratic paper our brother will give them when he gets things down to a better running condition. We called on Gov. Beckham and the rest of the State officers and found them all busy but not too rushed to make us feel welcome and glad we called. We hunted for that terrible machine that Senator Blackburn talks and dreams about but were unable to locate it. However, a friend told us that he thought the machine that the Senator wants to smash had worn itself out helping the senior Senator into office.

TEN Ohio bankers are in the penitentiary and 18 are under indictment. There is not a single Kentucky banker in either of the State's penitentiaries, to the discredit of the courts he said. But then men who steal by the thousands are most always acquitted. It's the poor devil who takes a dollar or so that suffers the penalties for theft.

THE body of Sir Francis Douglas, who, 40 years ago fell 4,000 feet down a Swiss glacier, has been recovered. He was dead when found.—Glasgow Times. Thanks for this useful bit of information. The good people of this section were of the opinion that Douglas was still alive but a sufferer from appendicitis.

Go to Ed. Your language explains why you never had kiss-blister on your lips.—Harrodsburg Democrat. Go where? Harrodsburg or another place beginning with the same letter? Having been to Brer Brown's town we believe we will take chances on the other.

THE Negro in Southeastern Missouri, who attempted to extort money by holding up an entire family at the point of a gun, won't have an opportunity to do so again, as the coroner administered on his remains when the mob got through with him.

THE Missouri man who is suing for divorce because his wife chews tobacco, should win his case and get alimony. Women who want to be so mannish ought to be made to take a man's place.

THE old veterans who wore the gray are expecting a big time at the reunion in Louisville in June. The ranks are rapidly thinning out and the numbers are growing less with each meeting.

### POLITICAL.

Gov. Beckham says the power to appoint the successor of the late Cecil Pence, as police judge of Covington, rests not with the executive, but with the mayor of Covington.

Former Sheriff Henry Dixon, of Henderson county, was ordered by the county court there to pay over the sum of \$5,533.16, alleged shortage charged against him in a report by the county attorney.

Gov. Folk has directed the Attorney General of Missouri to investigate the lynching of the Negro, Tom Witherston, at Belmont. In a statement yesterday Gov. Folk declared that lynching would not be tolerated in Missouri.

Judge Hargis did not appear in person as a member at the meeting of the State Central Committee at Frankfort Wednesday, though urgently invited to do so by the chairman and members of the committee.—Somerset Journal. To the judge's credit be it said.

In an interview at Nashville, Senator E. W. Carmack came out emphatically in favor of a general State primary next year for the selection of a candidate for Senator. Former Gov. "Bob" Taylor is also in favor of a primary, and as Carmack is willing there seems now no doubt it will be held; provided the State organization agrees to foot the bill.

### Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." During the Summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. G. L. Penny.

### A Good Family Liniment.

Every family should be supplied with a bottle of Chamberlain's Pain Balm. For cuts, bruises, burns, scalds and similar injuries, which are of frequent occurrence, there is nothing so good. It soothes the wound and not only gives instant relief from pain, but causes the parts to heal in about one-third the time required by the usual treatment. As it is an antiseptic all danger from blood-poisoning is avoided. Sold by Lyne Bros., Crab Orchard Ky.

### FOR SALE!

#### MCKINNEY ROLLER MILLS.

I offer for sale my mill and residence in McKinney, Ky. Mill has flour capacity of 50 barrels and meal 160 bushels per day. Mill is well equipped with modern machinery in good repair. Has storage capacity of 5,000 bushels of wheat; also large corn bins and cribs. Wagon scales operated from office, coal bins and ice house. All under roof. Never falling water in mill lot. Mill is within 100 feet of Cincinnati Southern R. R. track and has private siding. The location is good for the following reasons: McKinney is nearest market to many of the largest wheat and corn growers in Lincoln county, large territory furnishing custom grinding. The feed and coal business in connection with mill pays well. No trouble to market all products from mill. Residence is a two-story, six room frame, with cistern on back porch. Milk house at back door cemented; all comparatively new. Large barn, buggy house in mill lot. On account of my failing eyesight and health generally, my physicians have advised me to quit the milling business. For further particulars call on or address Dr. Edw. Alcorn, Hustonville, Ky., or W. B. McKinney, Stanford, Ky.  
MISS JENNIE MCKINNEY, McKinney, Ky. Administrator.

## MASTIC MIXED PAINT

### Can't Be Touched

for painting houses. The reason's plain. Mastic is the purest, therefore the most durable and economical. There is a whole string of "other fellows" claiming "just as good as Mastic" but they don't prove it. Maybe they can't. The analysis of Mastic is published. It's made of pure lead, zinc and linseed oil—the most durable kind of paint—and its purity is therefore unquestioned.

As purity means durability, the splendid wearing qualities of Mastic have given it the title of "The Kind That Lasts," and this title is backed up by our absolute guarantee. Mastic is made by PEASLEE-GAULBERT CO., Inc. LOUISVILLE, KENTUCKY and we heartily recommend it to your trade.
